

Statement of Position

Please reject any recommendations from that appointed traitor Louis DeJoy. He was appointed by someone who is also a traitor. Lengthening the time to deliver First Class Mail is an obvious attempt at Voter Suppression. In Washington State we vote by mail, or at a ballot drop box. Other states will follow to make voting easier with mail in ballots. Create a postal bank to help serve people who live in rural areas or for people who do not have access to a bank. Some towns such as Mansfield, WA do not have a bank at all. To save money stop Saturday delivery. Hire more staff to deliver and process the mail. Use energy efficient vehicles that are kind to letter carriers bodies such as appropriate heating and cooling, seats that absorb shock like truck drivers have, and things like that would preserve the workers joints and health. Stop it with the understaffing. Stop it with the "What is your commitment time?" This is demoralizing and a time wasting practice. People in leadership positions need to have experience in carrying the mail.

Thank you. Paula Grieb Wenatchee, WA 06/18/21
